To: All Our Valued Customers:
Re: New Services Now Available;

We now offer Custom Riders and Overlays for your Signs, overnight so it can go out with the new sign install order as you need them. This will allow you the flexibility to customize your listing if needed, without the wait.

Listed below are pricing examples with no setup charge & one color letters

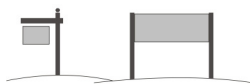

6" X 24" Corex 2 sided rider	\$15.00 ea.
6" x 48" MDO 1 side commercial rider	\$25.00 ea.
6" x 96" MDO 1 side commercial rider	\$50.00 ea.
12" x 36" vinyl overlay with removable vinyl (on white background)	\$30.00 ea.

Available color choices for lettering are Black, Red or Blue.

We are still a Sign Install Company; and do not intend to compete with Local or National Sign shops for Residential or Commercial signs. But, if you need a simple item that does not take design time, we can get these out the next day to get your sign install complete.

Thank You
Nic Clark
